BLOC-PORTE INTÉRIEUR PERSONNALISABLES !

Pour bien les choisir, plusieurs critères sont à prendre en compte comme les matériaux, l'huissierie, l'épaisseur de la menuiserie...

Migsa concept propose une large gamme de blocs-portes qui allient confort, robustesse et design personnalisable !

Autre avantage, le système "pose fin de chantier" qui vous permet de faire votre choix de porte quand les murs et les sols sont finis. Certains de nos modèles sont équipés de paumelles et poignées pour lesquelles vous avez le choix de finition Inox ou Noir, ou bien de charnières invisibles (en position fermée, plus de paumelles visibles !) Vous avez également le choix entre porte pleine mélaminée, laquée ou plaquée bois, ou bien même porte effet verrière avec soubassement en bois mélaminé et paroi vitrée, verre clair ou sablé.

Côté confort d'utilisation, tous nos blocs-portes sont équipés de serrures magnétiques de série, plus silencieuses à la fermeture.

MIGSA CONCEPT propose des solutions d'agencement et de décoration d'intérieur clés en main englobant architecture, conception 3D et décoration.
